

## Show scheduled for June 25th: Le Festival de cirque Vaudreuil-Dorion welcomes Robert Charlebois to the stage

**Vaudreuil-Dorion, April 11th, 2023** – The organizing committee for *Le Festival de cirque Vaudreuil-Dorion (FCVD)* is pleased to announce that the great Robert Charlebois will perform on the main stage of the festival. The artist, who has collected a stream of hit songs over the last 50 years, will even be celebrating his birthday with festival-goers. The event truly promises to be an unforgettable one!

The show, entitled *Robert en CharleboisScope*, is a large-scale rock concert to be interpreted with music as well as images. The well-known icon of Quebec music is in better shape than ever and has joined forces with a team of high-flying visual creators for the execution of this entertainment event.

*Robert en CharleboisScope* will follow the great author, composer and singer as he revisits his greatest songs accompanied by his eight musicians. The performance will be supported by a variety of spectacular video projections on a giant screen. For the occasion, two multimedia studios having contributed to several large-scale scenographic projects in recent years have exceptionally combined their talents and creativity: 4U2C (P! NK, Jay Z - Kanye West, Justin Timberlake, Taylor Swift) and Champagne club sandwich (Jain, Ai, Dead Obies). Together, the two have created a number of visual works that will serve to translate the different eras into images and motion design.

«We are really excited to welcome Robert Charlebois for the 17th edition of the FCVD. We are talking here about a superstar of the Quebec music scene who is celebrated throughout the French-speaking world. This show, along with the one featuring Les Trois Accords, promises to make rue Jeannotte the place to be for fans of Francophone music. Charlebois was without a doubt one of the most outstanding artists who performed on the festival's stage in 2017,» said Vincent Bastien, Director of Recreation and Culture.

On April 20th, the FCVD organizing committee will unveil the programming for *La Fête Nationale* on June 24th. The 2023 edition of Le Festival de Cirque will feature activities on June 23rd, 24th and 25th that include free shows, street entertainment and the ever-popular classic rides. Citizens are invited to follow the festival's Facebook page and website at [festivaldecirque.com](http://festivaldecirque.com).
