

**FOR IMMEDIATE RELEASE**

## **The City of Vaudreuil-Dorion surveys its young population in preparation for the community forum**

**Vaudreuil-Dorion, September 12, 2023** – In anticipation of the third edition of the community forum surrounding the theme *La place des jeunes dans la communauté* (the place of young people in the community), the City of Vaudreuil-Dorion wishes to consult its residents between the ages of 11 and 25. Until September 24th, citizens in this age group are invited to complete the survey available on the City's website to express their concerns and needs, which comes with the chance for participants to win gift cards worth \$350.

"It is important that the concerns of young people become the starting point for our reflections. Our goal is for them to play an active role in the development of our community. To achieve this, we must listen to what they have to say and create the right conditions for them to become involved", explains Pascale Lauzon, Head of the Social Development and Diversity section.

The results of this consultation will be presented during the community forum to be held on November 10th at the *Opticentre St-Jean-Baptiste*. This event brings together several partners from community, municipal and school settings to discuss various issues and promote joint action. Survey responses will, among other things, contribute to enhancing services and programming aimed at the younger population.
